LIVING 203.55m² GARAGE 40.48m²

TOTAL = 271.72m²

The Ingelwood is our new single storey home with a twist. Wider than it is long, it makes perfect sense for a corner allotment, allowing you to create a sense of address towards the secondary frontage.

It also looks equally as magnificent stretched across an acreage taking in the wide open spaces. This is a cleverly designed home with four bedrooms, a study and with the master bedroom away from the kids bedrooms for added privacy.

Open plan family, formal entry and living strikes the perfect balance between class and livability.
